Docket No. 1232-5087

**REMARKS****Status of the Claims**

Claims 1-3 and 5-17 are currently pending in this application. In this Amendment, claims 1-3 and 7-9 have been amended. Also, claim 4 has been canceled. Applicants believe that the changes in this Amendment introduce no new matter. Accordingly, entry and consideration of this Amendment are respectfully requested.

**Claim Objections**

Claims 1-17 are objected to for various informalities. For instance, on page 2 of the Office Action, the Examiner states that claim 1 does not include the units that focal length is measured in. Accordingly, claim 1 has been amended to include units.

The Examiner also states on page 2 of the Office Action that "the intermediate range", as recited in claim 2, lacks antecedent basis. This phrase is changed to "an intermediate range".

With respect to claims 3, 4, and 7-9, the Examiner objects to "at least one of optical surfaces", as recited in these claims. Claim 3 has been amended to recite "at least one of optical surfaces of the reflective optical system". Claim 4 has been canceled. Also, this phrase has been removed from claims 7-9.

Also, the Examiner states that claims 3 and 7 recite a variation where only one optical surface must be disposed in two different position. Applicants assert that these claims have been amended to resolve any such informalities.
